

ordinance by the Stanislaus County Board of Supervisors fixing water rates to be charged by the company. The Circuit Court, January 8, 1903, entered judgment in favor of the irrigation company and for \$1000 costs. The supervisors filed the valuation of the company's plant at about half the value claimed by the company, which alleged that the rates fixed on this valuation amounted to the confiscation of the property without due process of law.

The Supreme Court holds that the Circuit Court was in error in holding that the amount invested by the company should have been the controlling element in fixing water rates.

FOR SAN DIEGO'S BENEFIT.
COALING AND QUARANTINE.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 12.—(Exclusive Dispatch.) Senator Perkins will introduce in the Senate tomorrow, and the same time House bill, a bill appropriating \$200,000 for the establishment of a coaling station at San Diego and for the removal of the quarantine station from the grounds to the pier within the naval reservation to Coronado North Island. These changes have been agreed to by Secretary of the Treasury, Secretary of the Navy and Gen. Weyman of the Marine Hospital Service. So far as known, nobody will make objection to the passage of the bill, so it is expected it will go through without trouble.

RIVERS AND HARBORS.
HOUSE HAS A TUMBLE.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 12.—(Exclusive Dispatch.) The House Committee on Rivers and Harbors had another tumble today with the problem of whether there shall be a River and Harbor Appropriation Bill at this session of Congress. There was a long discussion about the matter, and at its end nobody knew any more than at the beginning.

Treasury officials and House leaders seem to be very much set against any large river and harbor appropriations at this session of Congress, and from the present indications, their wishes will be respected.

NEW MAJOR-GENERALS.
KOBBE AND OTHERS CONFIRMED.
(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, Jan. 12.—The Senate, in executive session today, confirmed the following nominations:

To be major-general—
BRIG-GEN. W. A. KOBBE.
BRIG-GEN. JOSEPH P. BANGER.
BRIG-GEN. FRED E. BATES.
BRIG-GEN. WALLACE F. RANDOLPH.

That all of the resolutions coming from the Senate should be sent to the Committee on Postoffice and Postroads for consideration. He believed that to be the most suitable way of proceeding inasmuch as the chairman of that committee has given assurance that the resolutions would be reported promptly.

"What as I am able to observe, there never has been any disposition to prevent or stifle further investigation," said Mr. Hale. "I am not in the investigation has been thorough and severe—example such as has not been shown in the history of this government."

He said a number of Democratic Senators had been disturbed "by the apparition of Perry Heath in the scandal," and "Mr. Gorman," said Mr. Hale, "naturally looks upon himself in the role of prosecutor of the Republican party for the delinquencies of the organization."

Mr. Gorman said what he had uttered on the subject was to bring out the fact that the investigation was incomplete and ought to be furthered.

"What I have complained of is that the Senator stated, and stated again, that the investigation had been thorough and severe—example such as has not been shown in the history of this government."

At the conclusion of Mr. Gorman's remarks, resolutions went over until tomorrow.

The Carmack resolution, calling on the Secretary of the Treasury for information concerning a report of an investigation alleged to have been made into the conduct of A. R. Currier, former collector of customs for Porto Rico, was adopted.

Mr. Gorman's Panama resolution being placed before the Senate, Mr. Teller gave his interpretation of the provisions of the resolution, and Mr. Lodge, who had been in the chair, said that Mr. Teller's contention was sustained.

NOT OUR REBELLION.
Dr. Herran and Secretary Arosemena Exonerate the United States in Respect to Panama Revolution. Canal Treaty Amended.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 12.—(Exclusive Dispatch.) Dr. Herran, Colombian chargé d'affaires, said today: "I always have been satisfied that if there were any overture from any representatives of the isthmians, the United States would not entertain them. I have been so satisfied that I have referred in the cablegram to my government to 'American influences.' I did not think of the United States government or of its officials. The source of influence I had in mind was an American syndicate of speculators, or soldiers of fortune, who would be willing to engage in such an affair. That's all there is in the incident."

Carlos Arosemena, secretary of the Amador Commission, which came to Washington to negotiate a treaty with Panama, is here. He said: "It is not true that the United States government encouraged the revolution. It is not true that we distrusted our minister, Bureau-Varilla. The true story of the revolution has not been told and will not be for some time to come. But it is absolutely true that the United States government had nothing to do with the revolution."

TREATY WILL BE REPORTED.
WITH THREE AMENDMENTS.
(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, Jan. 12.—The Senate Committee on Foreign Relations today directed Senator Odell to report the Panama treaty with three amendments. The amendments relate to the limitation of the right of the United States to station troops in the Canal Zone, to the limitation of the right of the United States to station troops in the Canal Zone, and to the limitation of the right of the United States to station troops in the Canal Zone.

Senator Odell said that the amendments were necessary to protect the interests of the United States in the Canal Zone. He said that the amendments were necessary to protect the interests of the United States in the Canal Zone.

by murder of victims whose lives had been heavily insured. The police are said to know of three men who were implicated in the plot that led to the slaughter of Joseph Blaise on the night of January 18. Further arrests are expected at any time.
The men who are suspected of being accomplices of Soeder are known to the police. They are thought to have supplied funds to him and testimony is being sought to prove that they forwarded money to Soeder in New York and Europe.

DEATH BRINGS THEM TOGETHER.

PARENTS OF DROWNED LOUISE HARRIS SEEN FRIENDS.

Since Tragedy of Clallam Wreck, Divorced Couple Have Often Been Seen Dining Together—Agreed to Separate Several Years Ago.

(BY DIRECT WIRE TO THE TIMES.)
SPOKANE (Wash.) Jan. 18.—[Exclusive Dispatch.] With hearts filled with sorrow over her tragic death, the parents of Louise Harris, a victim of the Clallam wreck, who formerly lived at Los Angeles, are apparently reconciled, and their many friends in Spokane predict that a resumption of their old relations as husband and wife is not far distant. Several years ago they agreed to separate. They were wealthy and a division of property was made after the divorce.
Louise, their beautiful only daughter, lived with her mother when in Spokane. When Louise was drowned in a Clallam lifeboat both parents went to the Sound to accompany the remains to Spokane for interment. Husband and wife would not speak to each other, and friends had to make arrangements. But since the funeral they are often seen dining together. It is believed a complete reconciliation will be effected soon.

KNEW NO SIGNAL FLAG.
CLALLAM WRECK EVIDENCE.
(BY THE ASSOCIATED PRESS—P.M.)
VICTORIA (B. C.) Jan. 18.—M. Jensen, seaman of the Clallam, gave evidence at the coroner's inquest this morning that he had charge of the flag on the Clallam, but knew of no signal flag on board. He told the chief engineer having come on deck an hour and a half from Port Townsend and said: "I wish the captain would turn around and go back."
He told of several visits of the chief engineer to the main deck and of how he had tried to get into the pilot house. Capt. Roberts had asked witness to tell him the wind if he could.
Witness said he believed the boats would have a better chance if they should be made ready before leaving the steamer. He did not think Capt. Roberts had full control of himself.

GEN. LIMARDO, CONQUEROR.
He It Was Who, With Government Forces of Six Hundred, Captured Puerto Plata.
(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, Jan. 18.—[By West Union Cable.] The government troops which have just captured this city, says a Puerto Plata (Santo Domingo) dispatch to the Herald, were commanded by Gen. Limardo. There were 600 men engaged on the government side. The commanders of the United States troops, Detroit and the British, cruiser Pallas agreed to the surrender on condition that the troops put down their arms and disband.
Gen. Deschamps, Desperado, Erre and Meyreles, who took refuge in the United States consulate, will embark on the first steamer leaving this port. A strong guard has been landed by the American and British commanders to preserve order.

DETAILS OF SURRENDER.
(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, Jan. 18.—The Navy Department has received the following details of the surrender of Puerto Plata to the government troops from Commander Dillingham of the United States ship Detroit, under date of Puerto Plata, Jan. 17:
"After fight beyond cordons established by us outside of city limits, Jimine's forces, occupying Puerto Plata, surrendered unconditionally to the government forces. Perfect order prevailed. Business of the port will begin tomorrow at 1 a.m. No casualties among non-combatants; no destruction of property."
Surrender and arrangements of terms, conducted with order in presence of Capt. Robertson and myself. Consider this severe blow to Jimine. Have small force at consulate."

NO COLLEGE LAWS FOR LOVERS.
ST. LOUIS, Jan. 18.—Judge Wood, in the Circuit Court, today held that medical colleges had no jurisdiction over the heart affairs of their students, and could not legally withhold a diploma from one of them who fell in love before the time set for his graduation. The decision was on the application for a writ of mandamus to compel the Barnes Medical College to issue a diploma to Onus York of Muskogee, A. T., class of '04, who entered college in 1902. The writ of mandamus was granted.

KOREAN'S AUTONOMY SAFE.
PARIS, Jan. 18.—Prince Min Teung Tohan, the Korean Minister in Japan, today, said concerning the proposed Russian-Japanese sons of influence in Korea:
"The various plans of Russia and Japan do not affect us seriously, so long as our independence is not touched. Our independence which the powers throughout the world have recognized during the last twenty years by concluding treaties, and which China, our former suzerain, has herself recognized, is not now menaced. There is no proposition looking to the annexation of Korea, and not even for a protectorate. Our governmental autonomy is respected, and the final agreement which I believe will be arrived at will not overcome the autonomy of our people."
"We have no hostilities to foreigners, as is evident from our granting the Japanese a concession for a railroad from Seoul to Pusan and to the American concession to operate electric tramways. The march of modern improvement has not been fast, but it is going slowly and surely ahead."
Asked if Korea would accept an accord giving spheres of foreign activity would leave Korean autonomy and sovereignty undiminished.

LOREINE ROGERS.
NEW YORK, Jan. 18.—Lorraine Rogers, an old and well known actress, died at Spring Valley of apoplexy.

THOSE GROFF PARTNERS.
Of August W. Machen, the Groff brothers and Dr. and Mrs. George E. Lorenz, charged with conspiracy to defraud the government, the prosecution introduced a number of witnesses to prove the relations of Machen with the Lorenz and the Groff brothers. One of these, J. M. Lieberhardt, Machen's former partner, testified that he and Machen, Lorenz and Machen at his office, but declared on cross-examination that during the several conversations with Lorenz and Machen, nothing was said about letter-box fasteners.
James E. Bell, superintendent of delivery of the Washington city postoffice, testified that Groff fasteners had been adopted without any report on it having been submitted to him, although it would have been his duty to make such report, as the fastener was first tried in this city.
John F. Clark, a letter-carrier, described the failure of the fasteners to work at a test made in 1903, at which Machen and Samuel E. Groff were present, which, he said, caused Machen to remark to Groff at that time unless the fastener would work without sticking, he would not recommend its adoption.

EVIDENCE EXCLUDED.
WASHINGTON, Jan. 18.—The first witness in the postal cases today was E. M. Gilpin, a clerk in the office of the Comptroller of the Treasury, who identified a paper authorizing Diller B. Groff to sign the name of Groff Brothers to all warrants, drafts and all business in which the firm's name was required.

"LET US HAVE PEACE."

Political Highbinders Are Again Given Notice That the President and Hanna Are Working for Republican Success.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Jan. 18.—[Exclusive Dispatch.] Good friends of the President and Senator Hanna are engaged in trying to mitigate the possible evil effect of the efforts of the busybodies to make trouble. The latter have been carrying tales to the President about what Hanna intended to do and telling Hanna what the President was going to do in the situation, which if they were true, would have resulted in producing a situation which might easily affect two less vigorous Republicans.
When Senator Hanna came back from the West, he found all sorts of stories had been circulated about him, which, if they had been true, would have resulted in the President's being suspicious of Hanna's intentions toward the Presidential nomination. At the same time, the Senator discovered that in certain circles stories were passing around, which, if they were true, would have resulted in the President's being suspicious of Hanna's intentions toward the Presidential nomination. This situation was realized by prominent Republicans in Congress, and in the last day or two there have been efforts which, if they were successful, would make the real case plain. These men say the present situation is not of a character to lead to any rupture of a personal or political nature.
It is also asserted that there is nothing in the situation which requires Senator Hanna to say any more than he has said, or continues to reiterate. Hanna's friends say he is bound up in the success of the Republican party next November. They do not perceive in him any indication of falling moral vigor or diminution of the political sagacity for which he is noted. This being the case, they do not apprehend that he will do anything to lessen the chances of Republican success at the polls next fall. They say Hanna and the President are working for Republican success.

HERROES WORRY GERMANS.
Reichstag Authorities Reinforcements, Which Will Be Muried to Southwest Africa.
(BY THE ASSOCIATED PRESS—P.M.)
BERLIN, Jan. 18.—Further advice from German Southwest Africa, that the Hereroes are murdering settlers and burning homesteads over wide areas. The German colonial troops are wholly insufficient to deal with the revolt. Chancellor Von Bülow submitted to Emperor William yesterday the dispatches received on the subject and the Emperor sent for War Minister Von Emm and Admiralty Secretary von Tirpitz. The decision of the conference was to ask the Reichstag immediately to authorize the sending out of reinforcements. The Reichstag, after warmly applauding the Chancellor's statement, took up the regular business of the day.

PREPARE FOR CAMPAIGN.
(BY THE ASSOCIATED PRESS—P.M.)
BERLIN, Jan. 18.—The government sent to the Reichstag this evening bill authorizing a supplementary credit of \$80,000 for the current fiscal year for the suppression of the uprising of the Hereroes and also for the additional appropriation of \$300,000 in the 1904 budget. When the full force now provided for reaches the scene of action it will amount to 115 men. Provision is made for the purchase of 70 horses. The cruiser Prinz Heinrich and the cruiser Madua will proceed to German Southwest Africa to support the land forces there. The second division of the 11000 strong was drawn up at Wilhelmshaven. Volunteers for service were called for and every man stepped forward.

THOSE GROFF PARTNERS.
Of August W. Machen, the Groff brothers and Dr. and Mrs. George E. Lorenz, charged with conspiracy to defraud the government, the prosecution introduced a number of witnesses to prove the relations of Machen with the Lorenz and the Groff brothers. One of these, J. Groff to sign the name of Groff Brothers to all warrants, drafts and all business in which the firm's name was required.
James E. Bell, superintendent of delivery of the Washington city postoffice, testified that he had no report on it having been submitted to him, although it would have been his duty to make such report, as the fastener was first tried in this city.
John F. Clark, a letter-carrier, described the failure of the fasteners to work at a test made in 1903, at which Machen and Samuel E. Groff were present, which, he said, caused Machen to remark to Groff at that time unless the fastener would work without sticking, he would not recommend its adoption.

DANIEL S. DANA.
SALT LAKE (Utah) Jan. 18.—Daniel S. Dana, cousin of the late Charles S. Dana of the New York Sun, died here today, aged 73. He had resided in this city for a number of years and was engaged in the mining business. In the spring of 1903 he was appointed to the position of assistant secretary of the Treasury Department at Washington, and later was a member of the Supreme Bench of Ohio.

IN RE MERGER REMOVAL.
WASHINGTON, Jan. 18.—In the case of the State of Minnesota vs. The Northern Securities Company, the United States Supreme Court today issued an order granting twenty days for the filing of additional briefs covering the question of the jurisdiction of the Federal Circuit Court in the matter of the removal of the case. The question involved pertains to the removal of the case from the State courts to the Federal court.

STRIKES' DRAIN
ON UNION.

Mine Workers Meet in Annual Convention.

Mitchell Says Operators Are Found Cordial.

Steel Workers go Back to Job—Trolley's Rival.

INDIANAPOLIS, Jan. 18.—The 15th annual convention of the United Mine Workers of America began today with 1000 delegates in attendance.

The paid-up membership is 235,000. The total membership is approximately 250,000.

The convention adjourned until tomorrow.

Secretary-Treasurer Wilson made his annual report, in which he said he had hoped to report a larger amount of money on hand, but the large number of strikes requiring aid from the national organization had been a great drain on its resources.

On November 20 there was in Indianapolis a bank robbery, belonging to the organization. The total membership is approximately 250,000.

The convention adjourned until tomorrow.

INDIANAPOLIS, Jan. 18.—In his annual report President Mitchell urged that the convention be moderate in speech and conservative in action, adding:

"We should keep in mind that the enemies of labor and the opponents of trade unionism as represented by the Manufacturers Association and the Industrial Association, are ever ready to make capital out of the smallest indiscretion and to magnify out of all reason the proportion the slightest mistake that trade unionists may make."

The report says of the situation in the anthracite field: "Since the close of the anthracite strike the relations of operators and miners have grown steadily more cordial. With very few exceptions, the award of the commission has been strictly observed and an era of comparative peace and amity has been established."

Of Central Pennsylvania the report says: "During the month of March the miners and operators of the Central Pennsylvania district report approximately forty thousand men in joint conference in the city of Altoona and that they concluded an agreement which secured for our members a substantial increase in wages, and for the first time in the history of that field established the eight-hour work day. The importance of this achievement cannot be overestimated."

Mitchell refers to the extension of the conference method into West Virginia, Arkansas, Missouri and the Indiana Territory, which, he says, promises a long period of industrial peace to miners and operators.

Mitchell said that in all other districts in which the mining prices have been regulated by agreement, increased wages were secured, and concessions obtained, and while in many instances wages have not advanced in proportion to the increase secured in the central conference coal fields, on the whole we have every reason to feel fairly well satisfied with the gains during the year.

The extension of the organization into Canada, Montana and Washington is mentioned, and the report says the organization has increased its membership from 61,000 in 1929 to 237,545 in 1931, which does not include members who are on strike.

"It," says Mitchell, "every local union would report in its full membership there would not be less than 240,000 members."

The report recommends that the constitution committee investigate the advisability of changing the present method of collecting dues and adopting the stamp system.

Of the Colorado strike, Mitchell says: "The strike in Colorado is a source of heavy expense to our organization, but our people are anxious to see it settled on an amicable and honorable settlement, the uncompromising attitude of the company gives us much to be desired. The Colorado strike is a source of heavy expense to our organization, but our people are anxious to see it settled on an amicable and honorable settlement, the uncompromising attitude of the company gives us much to be desired."

President Mitchell advises that the demands of previous conventions be repeated, and that the scale committee be instructed to make an effort to have the Colorado agreement formulated upon a rise of basis.

The increase of machinery in mining is known to have been from 14 per cent of the total production in 1929 to 20 per cent in 1931, the report asserts. That is a fact in which the differential is widest, machine mining has increased disproportionately. He urges that a readjustment of the differential be insisted upon.

He suggests that not more than two delegates be sent to the International Mine Congress at Paris in May. He urges support of the union label and recommends that each local vote ten minutes of each meeting to a discussion of union-made goods. Vigorous support of the anti-injunction bill and the eight-hour bill will be in Congress is urged.

President Mitchell voices his earnest support of legislation prohibiting boys under 16 from being allowed to work in the mines and asks the convention to endorse it. In closing, congratulatory reference is made to "the cordial business relationship that has existed between our organization and the operators in all States and districts in which the wage and conditions of employment are regulated and determined by mutual agreement."

COMPULSORY COMPENSATION. IMPORTANT RURAL TREASURE.

MOSCOW, Jan. 18.—The law providing compulsory compensation for factory employees and miners in case of all accidents, one of the most important measures of the present reign, has become effective. In the event of death, an annuity is payable, not only to widows and legitimate children, but to illegitimate children and to the mothers of such children, and also to adopted children, the annuity equal to the average of working days only numbers 230.

BROKEN CONTRACTS ALLEGED.

CINCINNATI, Jan. 18.—The convention of the Boot and Shoe Workers today resumed consideration of the controversy of its general officers and expelled members of St. Louis. A. J. Lawrence made a supplementary statement for these workers at St. Louis have been revoked. He says there were about 700 members of the shoe workers' union in St. Louis that are affiliated now with the American Labor Union, and he insists that this was due to the opposition to the action of general officers, and not to the Boot and Shoe Workers' Union.

The defense was opened by C. J. McMorro, the national organizer, who made the contract with H. M. Eaton for the Hamilton and Brown factory at St. Louis that had been credited with causing trouble. He held the contract a good one for the employees and fair for all, but that certain ones in St. Louis were constantly seeking a pretext to break it. These parties, he said, had defied the law and all authority of the general officers.

TO ENCOURAGE STRIKERS. SOCIALIST PARTY'S DECISION.

OMAHA (Neb.) Jan. 18.—The executive committee of the National Socialist party today issued a call for a national convention to meet in Chicago May 1. The call, after stating the result of the referendum vote of place of meeting, says that the party is in a position to send one delegate for each 100 members in good standing and one delegate-at-large from each state, territory or national district.

The call also states that the party is in a position to send one delegate for each 100 members in good standing and one delegate-at-large from each state, territory or national district.

The call also states that the party is in a position to send one delegate for each 100 members in good standing and one delegate-at-large from each state, territory or national district.

Middle West temperatures: Alpena, 10; Birmingham, 20; Cheyenne, 20; Cincinnati, 22; Cleveland, 22; Concordia, 22; Denver, 24; Des Moines, 20; Detroit, 4; Dodge, 24; Dubuque, 20; Duluth, 10; Edmonton, 14 below; Elmhurst, 14; Grand Rapids, 10; Green Bay, 10; Helena, 20; Huron, 24; Indianapolis, 20; Kansas City, 24; Lancaster, 22; Marquette, 20; Milwaukee, 22; Minneapolis, 22; Moorhead, 22; North Platte, 24; Omaha, 20; Peoria, 20; Rapid City, 24; St. Louis, 22; St. Paul, 22; Seattle, 24; Springfield, 22; Wichita, 24.

MRS. ARQUETTE'S STUFFING. (BY DIRECT WIRE TO THE TIMES.) JANSVILLE (Wisc.) Jan. 18.—(Exclusive Dispatch.) While lighting a cigarette with a \$10 bill, James Henderson, alias John Hill, alias Harding, alias Jones of Denver, was arrested on suspicion of being one of the robbers of the bank at Goffa, Kan., last Wednesday morning. The robbers had \$25,000 in currency. Henderson was \$25,000 when arrested. He says his home is in Denver, but formerly was in Chicago, and he came from there yesterday.

WILLIAM W. KENDALL FUND. (BY DIRECT WIRE TO THE TIMES.) KANSAS CITY, Jan. 18.—(Exclusive Dispatch.) The will of William Kendall sets aside \$25,000 to establish a fund for the building up of Christ's kingdom on earth, under the auspices of the Methodist Episcopal Church. It is my will that this fund shall continue until the end of this world, when Jesus comes.

PIL KILLS HOMER N. HAYES. (BY DIRECT WIRE TO THE TIMES.) COLORADO SPRINGS (Colo.) Jan. 18.—(Exclusive Dispatch.) Homer N. Hayes, aged 34, of Kansas City, was slain today by a bullet from a pin. Hayes was undergoing an operation for what was supposed to be appendicitis. The pin had lodged in the intestine near the appendix. It had perforated the stomach, and this was the immediate cause of death.

MUST KEEP HER PLACE. (BY DIRECT WIRE TO THE TIMES.) (BY DIRECT WIRE TO THE TIMES.) "How long had you known him before your marriage?" asked Judge Evans. "About three months," was the answer.

I shall have to refuse this divorce. The divorce court is not for persons who marry perfect strangers, try marriage for awhile and then wish to be relieved. The decree of divorce will be denied.

AIRRETTED AS BANK ROBBER. (BY DIRECT WIRE TO THE TIMES.) ST. JOSEPH (Mo.) Jan. 18.—(Exclusive Dispatch.) While lighting a cigarette with a \$10 bill, James Henderson, alias John Hill, alias Harding, alias Jones of Denver, was arrested on suspicion of being one of the robbers of the bank at Goffa, Kan., last Wednesday morning. The robbers had \$25,000 in currency. Henderson was \$25,000 when arrested. He says his home is in Denver, but formerly was in Chicago, and he came from there yesterday.

VACCINATED HIS TEETH. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL (Minn.) Jan. 18.—(Exclusive Dispatch.) Henry Schenck, a Minneapolis physician, two weeks ago, thoughtlessly picked his teeth with a little splinter of bone, which was really a fresh vaccine point. It was now the doctor's turn to be vaccinated. He had to have his teeth vaccinated with a vaccine point.

ARTICHOKE
CALLS CITIZENS
IN MASS MEETING.

GOV. BRODIE ALARMED AT JOINT STATEHOOD RUMORS.

Delegates Wilson Tells of Danger to Territory of Going in, One With New Mexico—To Pass Resolutions of Protest.

BY THE ASSOCIATED PRESS—P.M. PHOENIX (Ariz.) Jan. 18.—On information from J. P. Wilson, Arizona's delegate to Congress, that there is danger of the admission of Arizona and New Mexico to joint statehood, and that friends of the movement are claiming that protests come only from politicians and certain factions, Gov. Brodie, who was contacted by five wire service reports, a circular letter to boards of supervisors of each county in Arizona, suggesting that they take steps to call mass meetings of citizens in their counties and of influential organizations to pass resolutions of protest, to be forwarded to Washington.

A writ of habeas corpus was issued by Judge Adams this afternoon against the Warden of the State Penitentiary to deliver Adolph Fain to the court. Fain, who was sentenced to five years in connection with naturalization frauds, will be brought to St. Louis to testify as to the complexity of others.

"GET-RICH-QUICK" IN COURT. About One Hundred Witnesses to Tell What They Know About St. Louis Road to Wealth.

BY THE ASSOCIATED PRESS—P.M. ST. LOUIS, Jan. 18.—Major Hugh C. Dennis, president of the Rialto Grain and Securities Company, has been subpoenaed to appear as a witness before the Federal grand jury, which convened tomorrow. W. R. McAdams, formerly associated with Major Dennis with several brokers, have also been called as witnesses. Altogether about a hundred witnesses have been summoned for the investigation of alleged "get-rich-quick" concerns.

A writ of habeas corpus was issued by Judge Adams this afternoon against the Warden of the State Penitentiary to deliver Adolph Fain to the court. Fain, who was sentenced to five years in connection with naturalization frauds, will be brought to St. Louis to testify as to the complexity of others.

EVANS' FLEET AT MANILA. Battleship Squadron Arrives After Trip Made at Rate of Twelve Knots Per Hour.

BY THE ASSOCIATED PRESS—P.M. MANILA, Jan. 18.—(By Manila Cable.) Rear-Admiral Robert D. Evans, in command of the United States Asiatic fleet, arrived here today, from Honolulu with the battleship squadron, sailing in close formation. The speed maintained during the entire trip averaged over twelve knots per hour.

Rear-Admiral Sterling, in command of the Philippine squadron, has arrived from Honolulu. The fleet is expected to arrive here with his ships tomorrow. When the entire fleet is assembled, every available vessel will be ordered to Olongapo for refueling.

Rear-Admiral Sterling, in command of the Philippine squadron, has arrived from Honolulu. The fleet is expected to arrive here with his ships tomorrow. When the entire fleet is assembled, every available vessel will be ordered to Olongapo for refueling.

FAMOUS POLITICIAN ON VISITING LIST.

OLIVER W. STEWART, prominent prohibitionist and candidate for President, and his wife, a prominent worker in the W.C.T.U., are soon to visit Los Angeles. Mr. and Mrs. Stewart will arrive from their Chicago home on the 26th inst. and will be guests of his adopted brother, Greff W. Smith, at No. 257 South Griffith avenue.

At the age of 37 Mr. Stewart is chairman of the national committee of the prohibition party. For the two years that he has occupied that position he is credited with having raised more money for the party than all that has been raised before.

Mr. Stewart has the distinction of being the only prohibitionist elected to the Illinois legislature from Chicago in twenty years. In his district there are nominally only 400 or 500 prohibition votes. In his case, however, he had the support of the Good Govern-

LOCAL RAILROAD RECORD. GLENDALE ROAD PART OF CHAIN.

OWNERSHIP IS NOW PASSING TO INTERURBAN COMPANY.

Property not to be Vested in Pacific Electric, but in Another Concern to be Closely Associated With Huntington Interests.

Papers were partly completed yesterday whereby the electric road now building to Tropic and Glendale is to be transferred to an interurban company. This company is to have an organization separate from the Pacific Electric, but is to be closely associated with the Huntington interests.

Work on the Glendale trolley line, for which road L. C. Brand obtained rights of way several months ago, has reached almost the completion of the grading. There is a short piece of grade to be finished near Tropic. A considerable force of men and teams is at work on that piece.

The road, which will have standard-gauge tracks, will leave the city by way of Echo Park and a gap in the hills northeast of that park. Passing through a short tunnel it will cross the river. From the easterly side of the river it will run due north over a private right of way up close to the foothills north of Glendale.

That straight piece will be three and one-half miles in length. Along the line there has been laid out a boulevard 110 feet in width with the double-tracked trolley line running along the center and with a driveway on each side of the tracks.

It is provided in the contract for the road that it is to be in operation by April 1. As the grading is nearly completed and the material for the tracks is said to be available there seems to be no reason why the road should not be in operation by the end of the month. When in operation the road is to give at least an hourly car service between Glendale and Los Angeles till 11 p.m. daily. It is said that the running time from Glendale will not be much over twenty minutes. The freight-carrying provisions of the franchise will afford quick transportation to market for the output of the four hundred acres of strawberries about Tropic and Glendale.

THOSE SALT LAKE SHOPS.
The San Berdo report that the Salt Lake Railway Company has arranged with the Santa Fe for all its shop work to be done in San Bernardino at the Santa Fe yards is denied by John R. Mitchell, assistant to General Manager Wells of the Santa Fe. "There is absolutely nothing in the rumor," he said yesterday afternoon. "While it is true that we have bought some additional acreage near the San Bernardino shops, the purchases were made because we have not room enough for our own business and we need the ground for sidetrack purposes. The rumor that the Santa Fe has entered into a ten-year contract with the Salt Lake Road probably started because we bought the property, but there is nothing in it whatever."

In view of the fact that Vice-President T. E. Gibson of the Salt Lake Road has admitted that the shops are to be built in Los Angeles between Fourth and Seventh streets on the east bank of the river, the continued attempts of newspaper men to place them outside of Los Angeles is taken as a foolish piece of stubbornness among railroad men. J. Ross Clark is expected to enter the city and is said to be working on the road to Salt Lake as it has never been rushed before. R. E. Wells, general manager of the road, arrived in his private car yesterday from San Francisco and will remain in the city for about a week.

CAUGHT IN FISHING.
Giles Coffey, Pacific Coast agent of the Erie Dispatch, is spending a few days in Los Angeles.

The jolly bunch of New York Central men who are having their annual

business reunion in this city were piloted to Coronado on Sunday by Frank M. Byron, local passenger agent of the company. They will return today.

T. E. Gibson, attorney of the Salt Lake Railroad has gone to San Francisco on a few days' business trip. General Passenger Agent Byrne of the Santa Fe expects to leave Thursday for St. Louis, where he will attend the meeting of the Transcontinental Association which will be called to order January 23 for the purpose of establishing rates for the St. Louis Exposition.

T. J. Norton, solicitor of the Santa Fe Coast lines who went East to attend the meeting of the Interstate Commerce Commission, has returned. The two principal questions yet to be decided by the commission are: Whether the rate of \$1.25 per hundred for orange shippers is reasonable and whether the commission has jurisdiction over refrigeration.

GREAT PREACHER COMING.

Rev. Mark Guy Pierce of London, Opposite of Rev. B. Fay Mills, Here Right After Him.

Rev. Mark Guy Pierce, the great London preacher, who is associated with Rev. Hugh Price Hughes in mission work in the West End of London, is coming to Los Angeles early in February. Mark Guy Pierce is one of the great orators of England, and is also well known to American audiences. His doctrines are orthodox and are diametrically opposed to the teachings of Rev. B. Fay Mills. The coming of Rev. Mr. Pierce so soon after Rev. Mills will give the people of Los Angeles a rare opportunity of judging between these two great exponents of the leading topics of the day.

Rev. Mr. Pierce will lecture at Simpson Auditorium February 6 and 12. He will preach at the First Methodist Church Sunday morning February 7, and will speak at the meeting of the University Methodist Episcopal Church. The Methodist preachers at their meeting yesterday morning made arrangements for a monster mass meeting to be held probably in Hazard's Pavilion on the afternoon of Sunday, February 7 and 14. Immense crowds have listened to Rev. Mr. Pierce wherever he has spoken, and it is thought that Hazard's Pavilion will be the only suitable place to hold the meetings.

Rev. Isaac Jewel occupied the time of the Methodist ministers' meeting yesterday morning with a paper on "The Religion of Humanity."

Dr. I. D. Rodgers of the Colorado Conference, superintendent of the Wyoming Mission, was introduced as a visitor.

Dr. C. R. Patten spoke of the great work that is being carried on at the Hansen Home among those who have been reclaimed from the underworld.

Rev. Robert McIntyre reported a great revival at First Church under the ministry of Rev. J. M. Allen, of Denver, Colo.

AMERICAN NATIONAL.
Bank Directors Organize—Newcomer for Assistant Cashier—Paying Teller Promoted.

The directors of the American National Bank met for organization yesterday and elected the following officers: W. E. Rotzford, president; H. C. Wither, first vice-president; J. G. Monahan, second vice-president; W. J. Doran, third vice-president; T. W. Phelps, cashier; Charles H. Wither, assistant cashier; J. W. Phelps, assistant cashier.

The new officers in the list are H. C. Wither, Charles H. Wither and J. W. Phelps. H. C. Wither, the first vice-president, was for a number of years president of the California Bank, which was absorbed by the American National Bank January 1, 1920. Charles H. Wither, assistant cashier, is a newcomer to this country and was formerly assistant cashier of the Bankers' National Bank of Chicago. Prior to that time he was cashier of the First National Bank of Iron Mountain, Mich. J. W. Phelps has been paying teller of the bank for a number of years and his advancement is a well-deserved promotion.

BAD BLOOD

Reveals itself in many ways. Sometimes the impurities in the blood make and new ones with blotches, pimples, boils and other eruptions. Sometimes the result of bad blood is rheumatism or a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

"I thank God for the good medicine he sent me," writes Mr. James M. Stewart, of Mitchell, Lawrence Co., Ind. "I was not well for two years. I could not eat, sleep, or do any work. I was thin and weak. I had the fever and chills. I had a pain in my left side. I could not get on my feet. I thought I was going to die. I had a doctor, but he could not cure me. I had a bottle of Dr. Pierce's Golden Medical Discovery and a visit of his 'Pleasant Pellets.' I discontinued the use of my doctor's medicine and began with Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I at once began to feel better. The pain soon left my side and I could breathe. I was able to go to work. I felt as good as I could feel in the room. I began to walk and feel strong. I felt better every day. After a month of the medicine I was well. That was over a year ago. Now I am strong and healthy and feel that I am in my life."

Dr. Pierce's Pleasant Pellets cure constipation.

WOMEN'S CLUBS.

Some of the agitating topics of the times were taken up in a lively manner by the members of the Ebell Club yesterday afternoon, under the leadership of Mrs. L. V. Chapin.

Mrs. Osborne opened with a little talk on the deplorable things that should be brought about in this year of grace, 1921. She spoke of the need of an amendment to the State law forbidding beggars to ply their calling in any city having an organization of Associated Charities for the relief of the indigent.

The Panama Canal, she thought, should be built, as well as a new Federal building for Los Angeles that would be commensurate with the beauty and dignity of the city. Some adequate settlement of the difference between capital and labor was also indicated.

Mrs. Chester C. Ashley took up "The Causes of Poverty in Our Land," which were found to be: In a lack of thrift, in idleness, in alien immigration crowding every avenue of labor, and in the lack of means to employ their wealthier neighbors. In the discussion one lady stated that it is not the amount of money that determines the financial status of a man, taking the thrifty Germans to point the moral of the situation.

Mrs. C. Q. Stanton quoted Holmes in saying, "Poverty is the barge of limited capacity," and Mrs. C. Q. Stanton thought that "champane tastes with ale pocketbooks" was a trouble.

Not until last was the woman's part in this economic subject mentioned and the old saying revived, that "a woman can throw out with a spoon faster than a man can bring in with a shovel."

Mrs. Van Cleave took the absorbing topic of the "Causes and Cures of the Divorce Evil," devolving its cause in general to personal selfishness and its cure to higher Christian living. Many varying opinions were expressed and much interest shown. The cure suggested, of divorce without subsequent marriage, was loudly applauded, but it is a too complex subject for much light to be thrown upon it in a few moments' discussion. This very subject is to be brought up at the coming meeting of the California Federation of Women's Clubs, and is also to be discussed at the meeting of the National Federation, the phase to be considered being the desirability of a uniform divorce law.

"The Woman's Super Ser" is a question which Miss Jennie Henderson handled, and it is interesting to note that the preponderance of opinion in this advanced woman's club was that she might equal man in nearly every avenue of training to it, but her real superiority lay in being the mother and the home-maker and the true helpmeet and complement of man in connection with this country's new book, called "Home," was discussed. This book, which is being read by a number of the club, advocates the entire doing away with a home, and one member of the Ebell stated that if the women of the club had lived at a neighbor's house, as the book, as she had done at one time, that they would endeavor never to follow her advice in any particular.

The discussion of these topics was followed by Mrs. Chapin's unfolding of the conditions of the world today. She explained the position of the European countries in connection with the threatened war between Russia and Japan, the condition of the Jews in Russia, and dwelt upon the latest important happenings in America.

Scientific discoveries were treated of—radio, helium, and the many life-saving agencies, and a new arithmetic table she mentioned lightly, in passing, as having been set forth by one Rockefeller, to wit: Ten mills make a cent, ten cents make a dime, ten dimes make a dollar, and one dollar makes all the money.

A Bush Vagabond.
A strange "human document" has just passed away in an Australian hospital. His pen name was "Scotty, the Wrinkler," and his real one Philip Henry Mitchell Mowbray. He was in early manhood an officer of the Royal Artillery. In Australia he became a professional swagman, "downsizer," or tramp, one of the race who spend their lives wandering about from one squatter's station to another, down to a proverbial livelihood by doing odd jobs. "Scotty" had studied this nomadic population very closely, and contributed many realistic stories and sketches of their adventures and habits to the Sydney Bulletin. He might have earned a handsome income with his pen if he could have settled down to regular work, but he could not shake off the roving disposition. Many young fellows who, for one reason or another, are drifting about the world, find the old country life and recover themselves in Australia and develop into successful colonists. Others sink into the army of irreclaimable bush vagabonds. (London Chronicle.)

HARD ON THE BACK.

Los Angeles Public Learning
....THE CAUSE....

Some kidneys are hard on the back—
Nine times out of ten backache simply means sick kidneys—
Kidneys are filters of the blood—if they become clogged or unable to do their work—
Poisons are forced back into the system—
That means backache—lame back—diabetes—
Bright's Disease—
But there's a cure for Sick Kidneys—

....DOAN'S KIDNEY PILLS....

Ask Los Angeles people—they know—
They have been cured—hundreds of them—
After years of suffering—made well and strong—
No more bad backs—no more headaches—
No more urinary troubles—

Here's one Los Angeles man's experience:

A. T. TORRES, a well-known resident of East Fifth street, living at No. 218, says: "I have had kidney troubles off and on for twenty years, the attacks sometimes making me perfectly helpless. One of the leading physicians offered to cure me for \$50. I paid him \$30 in advance and took his treatment for four months, following his instructions to the letter, but at the end of that time I believe I was worse than when I began. Shortly after that I happened to meet a Minnesota man who had been cured of a stubborn case of kidney trouble by the use of Doan's Kidney Pills. He spoke of them so highly that I went to Dean's Drug Store and got a box. I had finished three boxes when the backache entirely disappeared and all the other symptoms of kidney troubles. Today I am well and strong and it is a pleasure to recommend these pills."

Doan's Kidney Pills are for sale at all drug stores.

50 cents a box—Foster-Milburn Co., Buffalo, N. Y.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TREASURER.
Los Angeles, Jan. 18, 1921.

FINANCIAL.
Bank clearings today were \$1,312,000, as against \$1,091,727.47 in 1920, and \$1,075,132 in 1919.

CANAL PAYMENTS. Secretary Shaw, in his annual report, estimated a surplus of \$1,000,000 for the present fiscal year against a surplus of \$544,000 in the last fiscal year. One-half of the present fiscal year is passed and the surplus for the first six months of the year is \$7,000,000. Government receipts so far for the month of January are nearly \$1,500,000 less than the corresponding period of last year, principally due to the falling off in customs revenue. While the receipts have thus fallen off, the expenditures have increased nearly \$2,000,000 over the same period of last year. Present indications are that there will be a deficit for January amounting to between \$1,000,000 and \$1,500,000. It therefore seems probable that the secretary's estimate is conservative. But he still has the advantage of the surplus remaining over from last year with this in hand he is prepared for the Panama canal payments when they shall come due.

Notwithstanding the attack in Congress against the President's Panama policy, there seem to be every probability of the ratification of the Panama Canal treaty. The ratification will take place within three or four months, and possibly earlier. The opening time will be devoted to talk on campaign purposes.

As soon as ratified the canal will be paid for and the Panama Canal is as true now, as it was a few months ago, that the policy of Secretary Shaw will be to make the Panama Canal a money-making machine, and to Panama out of the money in the treasury as far as he shall be able to do it. It may be added that Secretary Shaw has managed to thus far carry out his plans with a degree of success that few others of his first six months achieved, and it is probable that he will so manage the Panama Canal as to make them an advantage to the part of the government as a whole. This he can do by taking a large amount of money out of the treasury, and by such arrangements as will make the Panama Canal a money-making machine, and to Panama out of the money in the treasury as far as he shall be able to do it.  Los Angeles, Jan. 19, 1904.

FINANCIAL.
 Bank charges today were \$1,215. There is no grade of coffee to be had in San Francisco. The market is further advanced 2 cents in the market is predicted by some dealers. This opinion is perhaps not justified, but shows the strength of the market.

GENERAL BUSINESS TOPICS.
ORANGE SHIPMENTS. Shipments of oranges on Saturday and Sunday amounted to 292 cars, which with 1 car of lemons brings the total for the season up to 473 cars.

FARMERS' GRAIN COMPANY. The Farmers' Cooperative Shipping Association was organized in July, 1903, by farmers in California, Kansas and Nebraska. These farmers sell their grain direct to the association, which in turn sells it at the highest price obtainable on the market.

LOCAL PRODUCE MARKET.
 No changes worth mentioning have occurred today. Eggs are perhaps a little scarce. Receipts are larger than for some days. Butter shows no change, the rain having no effect, and no change is looked for until there is a change in pasture conditions.

POTATOES, ONIONS AND VEGETABLES.
 Potatoes—Highland Burbanks, 1.50; Burbanks, 1.50; Idaho, 1.50; sweet potatoes, 1.50. Onions—Australian Brown, 1.50; Idaho, 1.50; fancy Nevada, 1.50. Vegetables—Fancy French, 1.50; Idaho, 1.50; fancy Nevada, 1.50.

GRAIN AND FEEDSTUFFS.
 Flour—Per barrel, 1.50; extra roller, 1.50; roller, 1.50; roller, 1.50. Grain—Wheat, 1.50; barley, 1.50; oats, 1.50. Feedstuffs—Corn, 1.50; soybeans, 1.50; cottonseed, 1.50.

NEW YORK MARKETS.
SHARPS AND MONET.
 (BY THE ASSOCIATED PRESS-P.M.)
 NEW YORK, Jan. 19.—The stock market responded today to the favorable turn of sentiment shown by the London market.

POULTRY. Dealers pay live weight for stock in good condition: 1901 per lb. for poultry; 1902 per lb. for ducks; 1903 per lb. for turkeys; 1904 per lb. for geese.

"GET BUSY AT SACRAMENTO."

That is Chief Elton's Plan to Reach Grifters.

Under Present Laws Beggars Laugh at Police.

Authorities Handicapped by Maudlin Sentiment.

If Los Angeles is to be freed from its scourge of street fakers, yeggmen, charity grifters and confidence operators, the good people of the city must necessarily give the city officials their moral support.

The bus and cry raised every time a police officer takes vigorous action is largely responsible for the offensive presence on our streets of numerous individuals who ply their trade in defiance of the authorities, whose hands are tied by incompetent laws, or whose efforts are minimized by maudlin sentiment.

Chief of Police Elton has been waging a relentless crusade against beggars, in general, the able-bodied in particular, many times exceeding his authority, and usually getting the worst end of the battle in his efforts to protect the city's interests. Referring to the crusade now waging against the beggar element, Chief Elton said yesterday:

"I have exhausted every expedient in my efforts to rid the city of beggars, grifters and hobos, but, in a measure, my hands are tied. The Penal Code is very explicit in its provisions, and enables many of these individuals to follow to give me the hush. Whenever an able-bodied beggar is found, he is vigorously dealt with, but these individuals infesting the streets are well-informed as to their rights, a fact that makes it difficult to control them. As far as possible I force them to the streets, and in some instances have exceeded my authority by trying to bluff them with a night in jail, but it doesn't always work. And ago I pulled a frightfully-determined bandit who went about the streets like a dancing dervish, with his moustaches and hideous abrics. When I took him in charge the crowd that gathered were ready to mob me, and were unimpaired in their estimation, and the fact that I was a police officer was the usual reward for performance of duty.

"Many of these deformed beggars who go from house to house are nothing more than 'lookouts' for others who are ready for burglary under cover of darkness. These lookouts are free to help themselves, a fact that accounts for many daylight burglaries reported. They are continually kicking at the police force for non-performance of duty. Daily reminders are given to them to clear the streets of beggars, but with the penal statutes as they are, coupled with the 'hush' of the 'lookouts', it is the use of even making an effort.

"If the people of Los Angeles really desire to rid the city of an element that is more than disgraceful, let them go to Sacramento and get busy. The enactment of a competent vagrancy law, which would enable the police to arrest and confine these individuals, would clear the streets of beggars, but with the penal statutes as they are, coupled with the 'hush' of the 'lookouts', it is the use of even making an effort.

SHEDRICK WAS TOO PREVIOUS.

ASKED WILLING PAULINE BEFORE HE KNEW HER HABITS.

Answer to Branch of Promise Suit Will Be Filed in a Few Days—Defendant Does Not Hesitate to Call it a Case of Blackmail.

"Nay, nay, Pauline," says Charles A. Sheldrick, deputy collector of customs. His answer to Miss Pauline A. Stine in her suit for \$15,000 damages, for breach of promise, will be filed on Thursday.

Pauline is a lady considerably older than Mr. Sheldrick, and speaks with a strong German accent that unites her for the wife of a man of affairs like Sheldrick.

He made her acquaintance when she was at the head of the millinery department in the Boston Dry Goods store, and as she was "a jolly good fellow," Sheldrick was soon in the toils, and before he knew what he was doing had "popped" the question.

It was a genuine case of speaking too soon, for it was only after Pauline thought she had him good and fast that Sheldrick became acquainted with some of her habits that he didn't like.

He was seen last night at No. 1511 South Hill street, where he lives with his bride, to whom he was married on December 31.

"It is nothing but a case of blackmail," he said quickly, "but I prefer to have my attorney do the talking. Oh, yes; there are things I could say, but I don't want to say anything about a gentleman don't like to say anything about a woman. I am satisfied she has been put up to doing me for breach of promise by a third party, who has some selfish motive in the matter."

W. O. Morton, Sheldrick's attorney, was reluctant to talk about the case as the legal answer is soon to be filed. He says, however, that it is not denied that Mr. Sheldrick and Miss Stine had once been engaged to marry, but he asserts that the engagement was broken off by mutual consent, because each recognized an incompatibility of temperament that would necessarily make the alliance unpleasant.

Mr. Sheldrick told Miss Stine, probably in November, 1922, said Mr. Morton, "that he had just been divorced, and under the laws of California could not remarry for one year."

"In the latter part of August, 1923, Mr. Sheldrick discovered that the habits and character of the woman, Miss Stine, were not such as to commend her to him. He concluded that it would not be best for either of them that they should marry."

"He immediately made known to Miss Stine his doubts as to the advisability of their marrying. It was discussed with her in detail, and she agreed with him. They mutually agreed that the engagement should be declared off."

"Miss Stine made no unusual demonstration of being heartbroken, or having her pride wounded, and did not seem to anticipate that her friends would look down upon her in scorn, by reason of the engagement being broken, and at the time was it ever renewed. They maintained, as I understand, a friendly relationship up to the time of her departure for San Francisco."

"The first intimation he had that she contemplated suing for breach of promise came like a thunderbolt from a clear sky. He was amazed at her action, and is, of course, much humiliated and chagrined over the publicity of the suit and her charges. Having lived in Southern California a number of years, and having always borne a respectable reputation for honor, integrity and truthfulness, Mr. Sheldrick can well stand upon his reputation."

"It is perceived that this attempt to extort money from him by such questionable methods, at this peculiar time, after his having been divorced, and the fact that he is a deputy collector of customs, will avail nothing to Miss Stine and those persons who are egging her on."

"If the people of Los Angeles really desire to rid the city of an element that is more than disgraceful, let them go to Sacramento and get busy. The enactment of a competent vagrancy law, which would enable the police to arrest and confine these individuals, would clear the streets of beggars, but with the penal statutes as they are, coupled with the 'hush' of the 'lookouts', it is the use of even making an effort.

BRANCH OFFICE ESTABLISHED.

The Grumiaux News and Subscription Company Now in Los Angeles.

Manager Says Per Cent. of Readers in This City is Above Average.

Are Preparing Fine Local Catalogue.

"Yes, our preliminary investigations convinced us that Los Angeles is one of the most favorable of the western cities for the opening of a branch office. Reports received from our agents before we established here convinced us that Los Angeles contains a larger per cent. of reading people than any other important western city; and as a result of this fact, we decided to give Los Angeles preference over the numerous other cities in which we contemplated establishing our principal western branch. We believe that the people will appreciate our undertaking, and accord us a welcome equal to that with which we have been received in the largest cities of the East, for it is our object to be mutually beneficial in every detail of our business."

So said Mr. F. P. Brasher, local manager for the Grumiaux News and Subscription Company, in an interview yesterday evening. Mr. Brasher has just established a branch office of the well-known New York subscription agency, and is very sanguine over their prospective business in Los Angeles. Their office is temporarily located in the Laughlin Building—Room 713—where Mr. Brasher and his assistants are busily engaged in preparing their first local annual catalogue, which is to be a very handsome publication, representing nearly all the leading newspapers, magazines and periodicals of the world. Concerning the Grumiaux Company, and its methods, Mr. Brasher yesterday said:

"There are few eastern people who are not already familiar with our agency, and nearly every magazine and newspaper reader in Los Angeles, who has heard of us, will receive the announcement of our opening here with genuine pleasure, for it means dollars and cents to the reading classes, and a business concern that actually contributes to a man's purse is always dear to his heart. The Grumiaux Company makes special rates with publishers throughout the world, and by submitting a subscription through this agency the reader is able to obtain his favorite periodicals at almost half what he would be obliged to pay the publisher or other agent. Because of our vast subscription facilities, and our ability to benefit the publisher by 'selling' his subscription list—thus enhancing the value of his periodical among the Grumiaux Company, is in a position to obtain rates that would bankrupt a publisher if given to other minor agents. Our large business and vast sales make the lowest margin of profit ultimately beneficial to the publisher, whereas little returns would mean his ruin. Our company is alone in the field, for our competitors cannot command the volume of business essential to such low club rates, therefore we stand foremost among the leading publishers as the most favorable medium of obtaining subscriptions. Through our firm it is possible to obtain four or five of the favorite magazines one year for almost what you would pay for any one if the subscription was sent directly to the publisher. Besides this, the Grumiaux Company pays all postage on any or all of the magazines, no matter where delivered—in Europe, Canada or America. Ordinarily the postage to foreign countries means a large addition to the subscription price, but we readily see that our firm can save you considerable money, and when we have issued our annual catalogue, our surprise will be greater."

"Our business standing and reliability is too well known for mention, but such is required we offer the best of references, including Bradstreet and Dun, the Le Roy (N. Y.) National Bank, and many other large financial institutions both in Europe and America."

"The branch office is here to stay, and we wish to announce that the catalogue will soon be issued and distributed. Our staff of distributors will consist of a large and experienced group of men who will make a house to house canvass of this country, placing a catalogue in every office, store, library, in Los Angeles and vicinity. When no one is to be found at home, or in the office, our distributors are requested to take the catalogue and send it by mail to the address of the person who will make a house to house canvass of this country, placing a catalogue in every office, store, library, in Los Angeles and vicinity. B. BLACKSTONE CO.

DRY GOODS.

Spring and Third Sts.

Bridal Sacques

to clear them out while they are seasonable—while they are wanted. The season for these goods has really passed. During February and March there will be a demand for them that will call most urgently for warm dressing gowns. It is necessary for us to dispose of these bulky things; and the room for incoming spring goods. That's the reason.

These sacques embrace every popular style and color. They are made of the finest materials, and are trimmed with the latest in bands, braids, appliques, ribbons and fancy cords. They are nicely made, all finished seams, best workmanship.

Prices: Bridal Sacques...\$1.00 to \$2.00. Dressing Sacques...\$1.50 to \$2.50. Nightgowns...\$1.00 to \$2.00. Robes...\$1.50 to \$2.50. Slippers...\$1.00 to \$2.00. Socks...\$1.00 to \$2.00. Undershirts...\$1.00 to \$2.00. Ties...\$1.00 to \$2.00. Suits...\$1.00 to \$2.00. Hats...\$1.00 to \$2.00. Shoes...\$1.00 to \$2.00. Accessories...\$1.00 to \$2.00.

Half Price Remnant Sale

Remnants from all departments will continue today and tomorrow. There are hundreds to choose, all lengths and widths to a dress pattern. Every color, style and quality.

Woolens, and Wash Goods Remnants at Just Half Price.

SPECIAL LINEN SELLING

Remarkable values in Table Linens and Towels will prevail.

Table Damasks by the yard. Exclusive Sets. Separate Napkins. Towels and Bed Spreads.

Kranich & Bach Pianos

Choice of Forty Thousand

Everyone who has ever heard a Kranich & Bach piano, or who has a friend who has heard one, knows what the name "Kranich & Bach" on a piano signifies. These who possess them are many, and their satisfaction is the best recommendation of excellence. K. & B. tone charms the most critical, and K. & B. reliability furnishes a most interesting topic for all who contemplate the purchase of a piano.

J. BIRKEL COMPANY,

Steinway Dealers
345-347 South Spring Street.

Plain Figures Marked on Everything.

We are revolutionizing the house furnishing business in Los Angeles. Our famous open account credit system—just the thing for the installment plan and appealing to people of all classes in those moderate circumstances. The opening and marvelous success of our piano store where we sell brand new Wagner pianos at \$10.00 per week.

The marking of all prices in plain figures so that you can go anywhere about the store without consulting a salesman to find out what "so and so" cost. They are not afraid of competition and we are therefore able to offer prices known. Now and then some one appears liberal, will reduce some one item at a bargain, but while that store is selling one item at a bargain, remember that our great store with its four floors is selling all articles of all kinds at these low prices.

HALF STARVED AND PENNILESS.

Heartless Trick Played Upon Railroad Muckers.

Sent to Chatsworth Tunnel by Employment Agents.

Big Hole Finished, No Work There, Men Made Tramps.

Half-starved workmen cheated out of their last nickels at their very doors by the trickery of employment agents! Greedy, conscienceless employment agents luring men here with the golden promises of jobs that do not exist! These are two elements in a story likely to come before the Los Angeles county grand jury now in session.

Most of these pitiable facts came to light yesterday at Chatsworth Park, where the R. P. has been building the long tunnel.

The latest of several similarly deeded bands of laborers came there yesterday.

intend to keep the floor down, they have laid a tremendous cement pavement more than two feet thick. To keep the roof in proper shape the affected parts of the tunnel are being double-lined.

The difficulty is caused by a curious earth formation which expands on being exposed to the air.

M'KINLEY DAY.

A Memorial of Sentiment Observed Throughout the Country Will Soon Be Here.

"The Carnation League of America," instituted as an annual memorial to the late President William McKinley and dedicated to national patriotism, is a fixed institution and issues a perennial observance of January 29, the anniversary of his birth, as "McKinley Day." To wear the late President's favorite flower, the carnation, in the lapel of the coat, in the hair, or at the throat, in silent memory of a departed public servant, is what is contemplated by this movement, in which the young and old of both sexes can have a part.

The custom was first observed on January 29, 1903, with the greatest unanimity throughout the country, and by Americans all over the world. It is a simple, inexpensive act and full of patriotic sentiment. All through Mr. McKinley's life, both public and private, there ran a distinct vein of sentiment, and a memorial of this sort is, therefore, peculiarly appropriate to him.

The custom will undoubtedly be observed the coming 29th day of January more universally, if that is possible, than on the initial day, a year ago. Interest in the memorial has increased wonderfully during the past

MODEL HARBOR FOR SAN PEDRO.

Chamber of Commerce Gets Expert Opinion.

Veteran Harbor Engineer Has Evolved a Plan.

Local Port Can Be Made One of Best in the World.

The long-cherished dream of a land-locked harbor at San Pedro, with an anchorage and wharves sufficient to accommodate an immense commerce, will be realized if plans now being considered by the Harbor Committee of the Los Angeles Chamber of Commerce are adopted and carried into effect.

The committee, anxious to subvert the public interests in the harbor, and to assist in making San Pedro a free port at which the largest ocean steamers can with safety and convenience receive and discharge freight, some time ago requested A. Boschke, the veteran harbor builder and engineer of San Francisco, to lend his knowledge and ripe experience to the work of devising a plan by which the inner harbor may be improved in such a manner as to make of Wilmington Bay one of the greatest and best ports, not only on the Pacific Coast, but in the world.

Mr. Boschke considers this project not only practicable, but one that can be carried out within the lifetime of men now living and as old as himself, and he has more than fulfilled the three score years and ten. When it is borne in mind that Mr. Boschke is the man who planned and executed in large part the improvements of New York and Boston harbors prior to coming to the Pacific Coast in 1871, and since then has made many of the most important harbor improvements at San Pedro, Oakland and Humboldt Bay, his opinion may be taken as of some value.

MR. BOSCHKE'S PLAN.

For more than a month Mr. Boschke has been in Los Angeles and San Pedro, studying the special problems there presented. He has conferred with members of the Chamber of Commerce, business men of all classes interested in the harbor; the government engineers now in charge of harbor work at San Pedro; the railroad companies, lumber companies and other corporations and individuals interested in the water front, etc., and from the opinions of all these and his own knowledge of the harbor gained by years of experience and observation, he has evolved a plan for improving the inner harbor which he thinks will be for the best interests of all concerned, and a benefit for all time to the people of Los Angeles and Southern California. This plan will be submitted to the Harbor Committee of the Chamber of Commerce at its next meeting, and if approved and ratified by the Board of Directors, will be recommended to the government as the plan favored by the people of Los Angeles and vicinity generally, unless public opinion should be manifested to the contrary in the meantime. Before final recommendation the plan will probably be published in detail, so as to afford an opportunity for feeling the public pulse on the subject.

The people will have to act promptly in the matter, because the United States government is now endeavoring to establish the harbor lines, beyond which no wharves or other obstructions to navigation may extend. This has been done for the purpose of giving the people an opportunity of expressing themselves as to the way they desire the harbor to be improved.

PROPOSED WHARVES.

Mr. Boschke's plan contemplates the moving back of the Southern Pacific tracks north of Smith's Island, (also known as Boschke's Island,) so as to make room between that island and Wilmington for seven large wharves, extending at right angles from the shore, with slips for vessels of the deepest draught between. North of these slips will be a shallow anchorage for yachts and fishing craft.

The Southern Pacific Company has signified its willingness to give up its present right-of-way along the present harbor line between Wilmington and Smith's Island, if put to no greater expense than the mere removal of the tracks and given a new right-of-way along the new harbor line, where pure from its main tracks could run out on the proposed wharves.

The proposed wharves and slips for the Salt Lake road are to be located on Terminal Island, north of Mormon Island. There are also to be similar wharves and slips in front of the town of Wilmington, where any access can be had by the railroads.

THE ENTIRE INNER HARBOR, on the line planned by Mr. Boschke, is to be dredged to uniform depth of thirty feet, which Mr. Boschke says can be easily, cheaply and expeditiously accomplished with dredging machinery of his own invention that has stood the test of experience.

IMMENSE FLUSH TANK.

The proposed wharves are to be erected and slips cut on lands now overflowed at high tide, and room is to be made for the water thus displaced by cutting a tidal reservoir in the channel from the head of the San Gabriel River, and at the north end of Wilmington Bay. This tidal reservoir is one of the most important features of the proposed improvement. Flood gates opening into it will be established at the mouth of the San Gabriel River. When the tide is rising, they will open automatically and let the water in from the sea. When the tide begins to sub, the gates will close, and the impounded water will find an outlet through a narrow neck into the main harbor, causing a strong current and scouring the harbor close to the head of the San Gabriel River, and to the mouth at Deadman's Island, and carrying out all the silt that came in through the harbor's mouth with the tide. The ground excavated from the proposed reservoir could be used in filling up Senator Clark's adjacent marsh lands, so as

would not lose anything by giving the site for the tidal reservoir.

BIG FREIGHT SHEDS.

The wharves must be constructed of solid material to accommodate the great ocean freighters, and Mr. Boschke plans that each shall be surmounted with two freight sheds, 50 feet wide and 500 to 600 feet long, with room between them for five railroad tracks. Along each side of the wharves is to be a bench wide enough for a single railroad track, so that goods can be unloaded from the hatches of the vessels directly to the cars. The freight sheds are to be provided with traveling cranes to handle heavy freight, and trolley trucks for handling the lighter loads of merchandise. With such equipment, Mr. Boschke estimates, a saving of at least 25 cents a ton in handling a cargo can be effected.

One other essential to the harbor will be a place for commodious dry-docks, and Mr. Boschke says Mormon Island, which belongs to the Postoffice, is the only place for this.

QUESTION OF FINANCE.

But who is going to pay for all this? The government will not build wharves for private individuals or corporations, and a great deal of dredging will have to be done that the government will not make ready appropriation for.

Mr. Boschke says to carry out the plan it will be necessary to organize a financial syndicate to take up the work where the government leaves off. He thinks there will be a splendid opportunity for some syndicate to make a profitable investment in carrying out this work. A nice profit could be made by converting the surrounding flats and lowlands into good building property with the spoils of dredging. With a cubic yard excavated is a valuable asset when put to such use. Then, too, the syndicate might build the wharves and freight sheds. The wharves should be free of tolls, but the sheds should have a value of \$1 per square foot of space covered by them, and should have a lease value on that basis.

Of course there are many interests to be harmonized and legal questions to be solved, but Mr. Boschke believes all could be eventually adjusted so as to bring about the best results for the greatest number, and provide a land-locked harbor, sheltered by a breakwater built by the government at great expense, and containing a linear frontage of wharves amounting to 114,000 feet, and a large basin containing 30 feet of water at low tide.

SURPRISE FOR PROSECUTION.

NEW WITNESS DISCOVERED IN CHOISER CASE.

Was First Man on Scene of Shooting—Will go on Stand Today and Tell What He Saw—False Statements of Yellow Witnesses Shown Up.

That witnesses for the prosecution in the case against Detectives Hawley, Murphy and Cowen have testified to what is not the case, but that because they were mistaken, is admitted even by those who have been most zealous in the prosecution of the case. The fact that they were mistaken is shown by the testimony of a new witness discovered in the Choiser case.

Yesterday afternoon Attorney Earl Rogers received a telephone message from this citizen who said to him that he had seen the false statements made by witnesses for the prosecution, that he had hoped to be able to avoid connection with the case, but his sense of justice and his desire that the truth come out prompted him to declare himself. He said he was passing Hotel Broxburn and heard the shooting. He went upstairs and was the first man there. What he saw there will be told in court today. It is sufficient to say that the attorneys for the defense are now in a position to make the truth come out.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Inspector Hall Returns.

Postal Inspector H. B. Hall, who has been confined to his home by illness for some weeks, returned to his post in the main post office yesterday.

Weekend Night's Rain.

Weekend night's rain caused a brisk demand for seeds at the local stores yesterday. Seeds of peas, beans, radishes and onions were among those most in demand.

Monday Meeting.

The noonday prayer meeting in the Bible Institute Hall will begin at 12 o'clock and close at 12:45. Rev. William Morris Day will lead. Rev. E. H. Hays, who of great interest.

Jonathan Club.

Howard B. Huntington was unanimously chosen a director of the Jonathan Club yesterday to fill the vacancy made by the death of Mr. A. M. Hall. He was also chosen second vice-president, which office Mr. Huntington has held for some time.

Amateur Athletic Association.

The Amateur Athletic Association of Southern California met at the Del Monte Hotel last night with a record attendance. The guest of honor, President Wadsworth of Occidental College, presided. A banquet was served and music rendered by the orchestra.

Amateur Athletic Association.

This evening in Blanchard Hall, a most successful night of entertainment was given by the amateur athletes of the Southern California Amateur Athletic Association. The program consisted of a number of interesting features, among them a number of wrestling matches, a boxing match, and a basketball game.

Business Seat Sale.

Tomorrow, at the Union Pacific Hotel, the sale of single seats for the second series of Burton Holmes lectures begins. The traveler will present one of the most interesting lectures, among them a number of lectures on the history of the world, the history of the United States, and the history of the Pacific.

Paul Smith.

By request, Rev. Dr. Jacob V. Smith, pastor of the First Baptist Church, will speak at the First Baptist Church, 1015 Olive street near Temple, Wednesday night, for the benefit of the large number of people who were prevented by rain Sunday night from attending the meeting at Temple Baptist Church.

From Hunting Trip.

W. Schneider, proprietor of the Palace Cafe, returned yesterday from a hunting trip in the San Jacinto Mountains. He has been on a week's hunting trip. He brought back a large bag of game, and his friends are being summoned to a dinner at the Palace Cafe to celebrate his return.

Low Paymaster.

A telegram received from San Francisco last night announces that Ed Pat, chief of San Diego, has been appointed ensign and assistant paymaster on the staff of Capt. George Y. Bass, commanding officer of the Naval Militia of the State. He succeeds Capt. E. J. Louis, recently appointed aide on the staff of Gov. Parlor.

Found for China.

J. P. Reynolds, Esq., a young local lawyer, left yesterday for San Francisco, en route to China. Reynolds has accepted the position of legal counsel for a large Chinese exporting firm, and is one of the few professional men from Southern California who have found lucrative places in the Orient. The attorney came here from Chicago. His father is a prominent New England jurist.

Both Bones Broken.

Leroy Johnson of No. 341 North Pritchard street was seriously injured at the plant of the Los Angeles Brick Company yesterday. He was moving a truck loaded with bricks when he stumbled and fell, and the truck ran over his right leg, fracturing both bones near the knee. He was removed to the General and Emergency Hospital, where the fracture was reduced. The injury will confine him to his bed for several weeks.

Brand's Fire Curtain.

The Grand Opera House yesterday received its new asbestos curtain, which was the only one purchasable in San Francisco. The management says that its safety device has been tested through the intense heat of the blue flame test and is capable of checking the sweep of any blaze. It is hung on wire cables, but in the event that the wires themselves should become detached or fall, it is borne down and held in place by the weight of three heavy chains. It will be lowered during at least one intermission of every performance.

Where is Bartemus?

About fifty years ago one Bartemus Walker left Wilkes county, N. C., to come to California. In 1850 there were not quite so many people setting their feet toward the Golden State as in later years, but Walker joined in the stampede for the gold fields, and there seems lost to his family and friends. The County Clerk is in receipt of a letter from a sister of Walker, asking for information regarding him, but the same does not appear on the Great register of this county at all. The sister writes pitifully for aid in finding her brother if he is yet alive, and gives her address as lock box 131, care of New York, N. Y.

BREVITIES.

Real estate advertisements and other classified "want" advertisements for Sunday insertion must be in the Times office not later than 11 o'clock Saturday night in order to be properly classified. All small advertisements received after this hour will be printed under a special heading of "Too Late to Classify." Special request is made of those telephoning "Lines" to do so before 10 p.m. each night.

Gold-filled eyeglasses and spectacles at \$1.50, worth \$2 and \$3; warranted ten years. Eyes tested free. Graduate optician in attendance. Prescription work at popular prices a specialty. Work guaranteed. Clark's Jewelry and Optical Store, 301 S. Spring.

Telephone your "want" ads to the Times. Special clerks are constantly in waiting at the other end of your phone to take and ring up any time of day or night. Sunset, P. M. Home, Parkview 1.

Dr. E. B. McLean, the noted hair and scalp doctor of San Francisco, is at her branch office, 332 Johnson Building, this city.

New classes in shirt-making and millinery will open at Y.W.C.A. next week.

Pure cleaned, dyed, repaired and made over at 128 S. Spring st.

New term in cooking classes will open at Y.W.C.A. next week.

There are undelivered telegrams at the office of the Western Union Telegraph Company for Hattie Cutler, Mr. E. H. Frank, South, Miss Della Harris, Mr. and Mrs. Lester Coffin, Geo. H. Purchard, Frank Murphy, Clara D. Brown, J. B. Auld, L. F. Swayne, Oscar T. Elrod, J. Kollman, A. F. Carpenter, Harry H. Harmon, J. R. Lane, H. H. Hensley, E. W. Altman, P. L. McKay, Thos. W. Johnson, M. E. Leroy, Ada Courtney, Mrs. Herman Schmitt.

MARRIAGE LICENSES.

Frank O. Merritt, aged 25, a native of Ohio, and Emma B. Siegel, aged 25, a native of Ohio; both residents of Los Angeles.

Julian A. Kuhn, aged 21, a native of California, and Olive M. Black, aged 18, a native of Pennsylvania; both residents of Los Angeles.

Charles H. Leslie, aged 25, a native of New York, and Marinda J. Jones, aged 25, a native of Kentucky; both residents of Los Angeles.

George M. Bascom, aged 46, a native of Massachusetts, a resident of Victor, and Helen D. Ward, aged 46, a native of New York, a resident of New York City.

Herman G. Hanson, aged 20, a native of Illinois, and Mary A. Tingley, aged 18, a native of Michigan; both residents of Los Angeles.

Joseph Cohen, aged 41, a native of New York, a resident of Williams, Ariz., and Cecil Grossman, aged 20, a native of New York, a resident of Los Angeles.

James R. Hood, aged 34, a native of Massachusetts, and Josephine Munro, aged 21, a native of England; both residents of Los Angeles.

John Sinkovits, aged 24, a native of New York, a resident of San Francisco, and Winifred Hanlin, aged 21, a native of Wisconsin, a resident of Los Angeles.

Cesar A. La Rosa, aged 21, a native of Mexico, and Cora E. Corbary, aged 21, a native of Michigan; both residents of Los Angeles.

Arthur T. Straborn, aged 27, a native of Michigan, a resident of Washington, D. C., and Beatrice J. Keane, aged 25, a native of New York, a resident of Los Angeles.

John E. Manner, aged 23, a native of Missouri, and Edna L. King, aged 20, a native of Iowa; both residents of Los Angeles.

John E. Vervoort, aged 30, a native of Belgium, and Elizabeth Lila Vervoort, aged 21, a native of Iowa; both residents of Los Angeles.

John E. Chatelle, aged 24, a native of California, a resident of McKittick, Kern county, and Mrs. Frances Brittain, aged 23, a native of Minnesota, a resident of Los Angeles.

DEATH RECORD.

NADIA—At her late residence, No. 1011 Central avenue, in this city, January 11, 1926, Mrs. Nadia, nee Mrs. J. P. Nadia, fourth year, beloved mother of J. P. Nadia, George, and Mrs. Mary M. Nadia. Funeral services at 10 a.m. today at the undertaking parlors of Peck & Chase, No. 42 and 44 S. Main.

CHURCHMAN—At No. 710 Alpine street, January 11, 1926, Mrs. M. Churchman of Monterey, Wash., aged 25 years. Funeral from the parlors of Robert Kemp & Son, today at 1 p.m.

LAMBERT—At his late residence, No. 710 East Fourth street, in this city, January 11, 1926, Mrs. M. Lambert, beloved wife of J. P. Lambert, and mother of Mrs. J. P. Lambert, and Mrs. M. Lambert. Funeral services at 10 a.m. today at the undertaking parlors of Peck & Chase, No. 42 and 44 S. Main.

CHURCHMAN—At No. 710 Alpine street, January 11, 1926, Mrs. M. Churchman of Monterey, Wash., aged 25 years. Funeral from the parlors of Robert Kemp & Son, today at 1 p.m.

LAMBERT—At his late residence, No. 710 East Fourth street, in this city, January 11, 1926, Mrs. M. Lambert, beloved wife of J. P. Lambert, and mother of Mrs. J. P. Lambert, and Mrs. M. Lambert. Funeral services at 10 a.m. today at the undertaking parlors of Peck & Chase, No. 42 and 44 S. Main.

THIS untimely death of the artist, Mrs. Duff-Jones, has been a great loss to the art world. She was a lady of many graces of character and held in high esteem by her friends. Few knew—except those who loved her—her private life, her domestic life, her life as a woman. To her four young children she was a mother, a friend, a guide, and a source of comfort and joy. Her death is a great loss to the art world, and to the world of letters and of letters.

Fraternities. You are requested to attend the funeral of Brother C. Duff-Jones, La Grande Lodge, No. 1, which will be held 2 p.m. today at the funeral parlors of Peck & Chase, No. 42 and 44 S. Main. Interment, Evergreen cemetery. By order of the funeral committee.

Los Angeles Transfer Co., 141 W. 5th will clean packages at your residence to any point. Tel. M. 9 or 28. Home 28.

Orr & Hines Co. Punched direction. Los Angeles Transfer Co., 141 W. 5th will clean packages at your residence to any point. Tel. M. 9 or 28. Home 28.
